

ROSSETTI

is hiring daring designers + innovative thinkers

SENIOR ARCHITECTURAL DESIGNER

DETROIT, MI • FULL-TIME

JOB DESCRIPTION

Experienced project designer with responsibility for initiating design concepts and leading design development for one or more large or complex projects, in a manner consistent with firm-wide standards for project delivery.

WORK EXPERIENCE REQUIREMENTS

- Work independently and demonstrate a high degree of initiative
- Preparing drawings
- Lead a design discipline and function effectively in the role of Design Lead on small to mid-size projects
- Demonstrated ability to lead and get along with team members and resolve conflicts within the team
- Efficiently develop all major discipline detailing for a typical project (interior/exterior) without supervision
- Defines program requirements and establishes design parameters based on client requirements and working with project architect and project manager
- Creates and develops overall design concepts; formulates design presentation strategies and makes presentations
- Manages design process for entire project; lead/directs the work of other designers and technical staff
- Manages design team members during the implementation of design to ensure clarity and quality of concept is maintained through detail level
- Monitors project budget and schedule related to design team efforts
- Manages client interaction and decision making related to Design team guidance, leadership and mentorship
- May participate in business development activities
- Collaborate with and mentor junior staff
- Contribute to office activities, initiatives and learning programs

EDUCATION + PROFESSIONAL REQUIREMENTS

- Bachelor's degree in architecture
- AutoCAD D 2008/2012
- REVIT 2010/2012
- Adobe Suite, 3DS Max, Rhino, Grasshopper
- Bachelor's or Master's degree in Architecture or related field required
- Architectural license desirable
- LEED AP or within 6 months of hire
- Effective verbal and written communication skills
- Problem solving skills, attention to detail, and motivation to learn
- Six plus years' experience as an architectural project designer required
- Advanced graphic and verbal presentation skills, including hand sketching, required
- Previous supervisory and personnel management desired. Ability to communicate clearly and concisely; both orally and in writing
- Ability to work effectively within a collaborative team environment
- Ability to complete tasks with accuracy and with strong attention to detail
- Ability to consistently meet deadlines, completing tasks as previously defined
- Ability to work with integrity, trust and commitment, setting an example for others
